The Secretary to the Government of Madras,
Fort St. George, Madras.

Sir,

Ref: Your letter No.2415/47-2, dated the 26th July 1947 regarding expansion, Reorganisation and formation of new units of U.O.T.C.

--

I have the honour to submit on behalf of the authorities of the Madras University an application (1) for the expansion and reorganisation of the existing two Battalions of the University Training Corps and (2) for the formation of an additional Battalion of U.O.T.C. consisting of five Infantry Companies.

Should this application be accepted by the Government of Madras, the authorities of the University undertake to accept without reserve the various regulations issued, or which may hereafter be issued for the guidance and control of the University Training Corps; to further to the best of their power the objects for which that Corps is formed; and to provide office accommodation and adequate storage for all Government arms, ammunition, equipment, clothing and stores committed to their charge.

A statement showing complete details (1) of personnel in the existing units (2) of personnel in the suggested re-organised and expanded U.O.T.C. and (3) of the training facilities required consequent on the approval of suggestions in (2) is given below:-

EXISTING UNITS.

(a) One Bn. was first formed in 1922 (vide orders dated 5-8-21) as 5th Madras U.T.C. and bifurcated into two Bns. 1st and 2nd Madras Bns. U.O.T.C. with effect from 15th September 1942 (vide GHQ.No.7809 AG.7(a) dated 7-10-1942): Details are given as under:-

(b) 1st Madras Bn.U.O.T.C. with Headquarters at Madras consisting of five Infantry Coys. and a Technical Det. as shown below:

'A' Coy (Infantry) - Medical College, Park Town, Madras.

'B' Coy (-do-) - Pachaiappa's College, Chetput, Madras.

'C' Coy (-do-) - Presidency College, Chepauk, Madras.

'D' Coy (-do-) - Loyola College, Nungambakkam, Madras.

- Govt.Muslim College, Mount Road, Madras

'E' Coy (-do-) - Govt. Arts College, Anantapur.

Govt. Arts College, Kumbakonam.

Tech.Dett.(S.&M.) - Government Engineering College, Guindy.

(c) 2nd (Madras) Bn.U.O.T.C. with HQs at Trichinopoly consisting of 3 Infantry Coys. as shown below:

'A' Coy (Infantry) - St.Joseph's College, Trichinopoly.

'B' Coy (-do-) - National College, Trichinopoly.

'C' Coy (-do-) - Madras Christian College, Tambaram.

(d) The sanctioned establishments of each of the above units are given in detail by categories in Appendix "A".

PROPOSED UNITS.

(a) 1st (Madras) Bn.U.O.T.C. with HQs. at Madras consisting of six Infantry Companies, a Medical Sub-Unit, a Sapper and Minor SubUnit, an I.E.M.E. Sub-Unit and a Signal Sub-Unit - Details are as follows:-

'A' Coy (Infantry) - Loyola College, Numgambakkam, Madras.

'b' Coy (-do-) - Pachaiyappa's College, Chetput, Madras.

'C' Coy (-do--) - Presidency College, Chepauk, Madras.

'D' Coy (-do-) - Madras Christian College, Tambaram, Madras
(See Note 1.)

'E' Coy (-do-) - Govt. Muslim College, Mount Road, Madras.
(See Note 2.)

'F' Coy (-do-) - Vivekananda College, Mylapore, Madras.
(See Note- 2.) Govt. Arts College, Anantapur.

S & M Sub-Unit
Signal Sub-Unit
IEME Sub-Unit
(See Note 4 & 6) - Government Engineering College, Guindy.

Medical Sub-Unit - Medical College, Park Town, Madras.
(See Note 5 & 6)

2nd (Madras) Bn. U.O.T.C. with HQs. at Trichinopoly consists of five Infantry Coys - Details are as follows:-

'A' Coy (Infantry) - St. Joseph's College, Trichinopoly.

'B' Coy (Infantry) - National College, Trichinopoly.

'C' Coy (-do-) - Govt. Arts College, Kumbakonam.
(See Note 1 and 2)

'D' Coy (Infantry) - Madura College, Madura.
(See Note 2) American College, Madura.

'E' Coy (Infantry) - M.D.T. Hindu College, Tirunelveli.
(See Note 2) St. Xavier's College, Palamcottah.
St. John's College, Palamcottah.

3rd (Madras) Bn.U.O.T.C. with five Infantry Coys. as shown below, with the location of the HQs to be finally settled.

'A' Coy (Infantry) - Government College, Mangalore
(See Note 2) St.Aloysius College, Mangalore.

'B' Coy (Infantry) - Zamorin's College, Calicut
Malbar Christian College, Calicut.
Govt. Brennen College, Tellicherry.

P.T.O.....

'C' Coy (Infantry) (See Note 2 & 3)	Government Arts College, Coimbatore. P.S.G. Arts College, Coimbatore. Agricultural College, Coimbatore. Arthur Hope College of Technology, Coimbatore.
'D' Coy (Infantry) (See Note 2)	Salem College, Salem. Voorhees College, Vellore. Islamiah College, Vaniyambadi.

NOTE 1. Christian College, Tambaram is providing an Infantry Coy. now for the second Battalion. If the above Sub-Unit is taken in the 1st Bn. and in return the Kumbakonam Detachment be given to the Second Bn., administrative training inconveniences can be overcome.

2. The Colleges concerned can provide the necessary N.C.C. personnel to fill the strength in the suggested Sub-Units.

3. The raising of a Technical Sub-Unit (S & M) in the Arthur Hope College of Technology, Coimbatore for the 3rd Battalion can be considered later.

4. A small signal and I.E.M.E. Sub-Units are suggested for the 1st Bn. since the Government Engineering College, Guindy, can, provide specialists for the same. An I.E.M.E. Sub-Unit which was previously raised was disbanded recently. If the latter and a small signal unit are raised again, the military instruction imparted will have a direct bearing on academic studies.

5. A medical Sub-Unit is suggested for the following reasons:

The Bar Certificate Examination, on which the whole N.C.C. training is based is "thought to be" absolutely of no use for a potential doctor. The training at present is designed to impart basic military training but no I.E.M.C. Technical Training, Viz., the role of doctors in peace time army and in the Battle front. If the latter training is introduced and the suggested medical Sub-Unit is raised, there will be willing workers since the training will have a bearing on the academic subjects.

6. Note 4 and 5 bring in the necessity for working out a syllabus for technical Certificate Examinations.

(a) Accommodation	These exist already for Bn.HQ. and other places. It is anticipated that the new Colleges will easily provide the necessary accommodation for armoury, store room etc. It has,however, been suggested that a permanent accommodation for HQ.Store room etc. (A Diagram is enclosed). Additional parade sports grounds near the building may also be provided.	These exist already for Bn. HQ. and 3 Coys. Such additional accommodation as may be needed in the new centres will be made available in the new Colleges.	Accommodation for armouries, Office, Store room etc. will be available at the Centres proposed and Colleges wil be required to arrange for the same.
(b) Parade Grounds	The existing playgrounds in Colleges will be made available for parades.	The existing play-ground in Colleges will be made available for parades.	The existing play-ground in Colleges will be made available for parades.
(c) Ranges.	Suitable short ranges are available in the centres at Madras, Guindy and Tambaram. It is suggested that the existing Range east of Fort St.George which is not being used may be acquire for UOTC.	Suitable range is available at Trichinopoly. In other places the ranges could be made available by arrangements with the local Police. As there are Reserve Police at Madura and Tinnevelly, it is presumed that a Govt. Rifle Range is available. The Miniature Range both at Madura and Tinnevelly for the exclusive use of the UOTC contingents will be put up by this HQ. in due time in the same way as one was constructed in the premises of Madras Christian College, Tambaram at State expense.	It is presumed that Govt. Rifle Range (Police) can be made available at the centres proposed by arrangements with the Local Police. Arrangements will be made by 3rd Bn.HQ. as soon as it is formed, to put up Miniature Range at the Centres where other facilities do not exist, within the premises of the Colleges or in any suitable place.

	Batman	- One for each V.C.O.
	Guards and Sentries	- @One Nk. and 3 Sepoys for each guard/Coy/Det/Tech.Sub Unit and Bn. HQ. armoury maintained.

@ This is considered absolutely essential for the safe custody of arms and ammunitions as it is evident from the location of Coys. The Bns. will be very largely dispersed, and the resultant difficulty of issue and collection of service arms to Coys. by Bn. HQ. as and when needed for training purposes will be overcome.

If, however, the Bn. as a whole, go into camp, these could be usefully utilized for Regtl. duties and Demonstration purposes.

With reference to the above, I have the honour to inform you that the Syndicate at its meeting held on 14-11-1947 passed the following resolution:

"RESOLVED that the Government be informed that the University welcomes the proposition.

RESOLVED also that proposals be drafted by the Registrar in consultation with Mr.Southern on the basis of the information received from the different colleges within University area and submitted to the Government for information and necessary action.

I enclose herewith a copy of the proposals as drafted by the Registrar. The draft has been sent to Mr.Southern for his suggestions But the work is held up owing to the Convocation and His Excellency's visit to Vizagapatam. You may, therefore, take it that these proposals are tentative and if there are any changes you will be informed.

Revised proposals for the formation of an Officers Training Corps in the Andhra University.

Since the foundation of the Andhra University, the Syndicate and the Senate has been periodically pressing resolutions urging upon the Government to establish an Officers' Corps and the University therefore welcomes the invitation of the Government of Madras to send up proposals so that the matter may be taken up with the Govt. of India

P.T.O.....

The Principals of the University and Affiliated Colleges were addressed on the subject, and the replies received indicate that there is great enthusiasm in the University area and that a Battalion of six companies could be formed.

2. The Andhra University ~~considers~~ consists, however, of a large number of scattered affiliated colleges. Although the ultimate aim is to provide O.T.C. Units at all of them, it is not possible to do so immediately for two reasons. Firstly, there are at present too few men on the staff of the University with any Military training to take charge of the outlying Units, and secondly it is feared that the Indian Army may find it difficult at present to spare all the officers required for a Battalion of six companies. A less ambitious scheme has therefore been drawn up.

3. It is proposed to bring the scheme into operation in five phases:

1st Phase: Formation of one Infantry Battalion of four ~~Coys.~~
2nd Phase: Fromation of an IAMC Unit at the Andhra Medl.Colle
3rd Phase: Formation of one four gun battery of field or ligh A.A. Artillery at Waltair, and of one Signal Co. at the University Colleges, Waltair Campus.
4th phase: Fromation of RIE Unit at the Engineering College (wherever that may be located at the time).
5th phase: Increase in the strength of Infantry Unit to cover more Colleges as General List Officers (i.e.qualified University Professors and Teachers) become available.

4. 1st phase; The University desires to make a start with only four Companies with headquarters at centres where there are colleges sufficient to provide cadets for the full company
the following will be the set up
TRAINING CENTRES.

A. Battalion Headquarters, Vizagapatam.
B. Company Headquarters at:

1. Waltair

Andhra University Colleges, Waltair.

Vizagapatam.

Mrs.A.V.N.College, (One platoon)

(b) Vizianagaram.

Maharaja's College (Two platoons)

3. Rajahmundry.

i) Government Arts College.
ii) Government Trg. College.

4. Guntur.

i) Andhra Christian College.
ii) Hindu College.

2nd phase: It might be possible to start this almost simultaneously with the first phase, since it does not call for a great deal of specialised drill or equipment and there must be a number of doctors attached to the K.G. Hospital, who have served in the last War, who would be able to start the Unit's training without much assistance from the regular Medical Corps.

2nd & 4th phases. No dates could be fixed for the introduction of these, as much would depend on the 'settling down' of the regular army and its ability to provide instructors and equipment.

5th phase: Depending on the conditions prevailing in the regular army, this phase might be found practicable earlier than the 3rd and 4th phases.

5. Accommodation and Equipment. The Battalion Headquarters would be located at Vizagapatam. The East Coast Battalion having been disbanded, the Office, the Armoury and the Drill Hall of that Unit are now vacant, The Government of India may be addressed for the allocation of these buildings to the University training Corps together with rifles and other equipment which would be taken "on charge" and held as Government property. Any stock of Uniform reamining with the E.C.B. may also be taken over. Uniform may be issued to the members and made returnable on leaving the Corps.

In all the centres suggested, it will be possible to find buildings for the location of the offices of the Companies, either by allotting a room in the college or by renting a suitable building.

6. Cadets: It is estimated that at Waltair Rajahmindry and Guntur, there would be sufficient number of students resident to form Company in each centre. It would be possible to form one Company consisting of platoons from the Mrs.A.V.N. College, Vizagapatam, and the M.R. College, Vizianagaram, with the Company headquarters at Vizagapatam.

7. Officer Personnel: There is no one in the University who is trained in the regular army. But there are 6 persons who have had training in the Madras University Training Corps, 1 who had experience in the I.M.S. during the last war, and 1 who was a Pilot Officer in the Meteorological Department. All these are willing to serve. The U.T.C. men would probably be out of date by now and would require intensive training before they could officer the Corps. But it is possible to recruit all the Officers necessary from amongst the teachers in the University area, and they could be given an intensive training before the Battalion is formed.

8. Administration: The following minimum number of regular officers of the Army will, however, be required:-

(a) One Major with local unpaid acting rank of Lt.Col.
(B) One Captain with local unpaid acting rank of Major to act as second in command and Adjutant.
(c) One Permanent Staff Instructor for each type of Unit formed, to be not lower in rank than Quarter-Master Sergeant, and preferably a Sergeant-Major or Warrant Officer, Class II.

The Officers of the Army should be paid by the Army and Officers seconded for this duty should be given the same privilges as may be offered to others seconded for duty with any Territorial Army or Militia that may subsequently be started.

9. Organisation of Command:

(a) The Senior Regular Officer will be in command of the whole corps.
(B) The Adjutant will also perform the duties of second in command.
(c) The N.C. company to be commanded by a University Professor with General List Commissions and acting rank of ~~Captain in each case (subject to the same proviso as in (c) above)~~ Major (until, by years of service and efficiency, he achieves that rank substantively).

P.T.....

(d) The other companies and specialist units to be commanded by University Professors with General List Commissions and acting rank of Captain in each case (subject to the same provision in (c) above.

e) Platoons to be commanded by Cadet Officers and Cadet Sergeants.

N.B. This last suggestion may cause some difficulty in the initial stages but will soon settle itself.

10. Object of the Scheme: The object of the whole scheme is threefold:

(a) Regular Army: To serve as a training ground for young men desirous of becoming officers in the regular army as a career.

(b) Territorial Army: To train up a large body of young men fit to take commissions in any territorial army or militia which the Government may eventually organize.

(c) Reserve: The training of as large a number of the young men in the country as possible in the rudiments of warfare, so that they would form a nucleus on which to draw in the event of the country being involved in War.

ne Cadets should be trained to be "Officers" and therefore more ime will have to be devoted to teaching them to command and to dminister than to actual "rifle-slinging" on the parade ground.

It has been suggested in this connection that the niversity should work out, in consultation with the Defence epartment, a new course of studies which students can take or their degree, the object being to turn out graduates speiall rained for a regular Army career, as has been provided t Oxford and Cambridge. This suggestion will be examined by he University.

11. Finance: In view of the fact that the training of fficers is a matter of national importance, the University is f the opinion that Government should bear the entire cost of he O.T.C. Scheme, including the cost of the regular staff, niform and equipment. Government should also make a per capit rant for each cadet to cover the incidental costs of dministration, annual training, camps, field ~~establishment~~ day tc.

12.. A tabulated statement of Battalion and Company establish ent is given in the Annexure. The establishment for the Medica nit will have to be worked out by a specialist.
